Orientation Days

This is the end of the first day of the two day orientation programme for our new students. The focus is getting to know their classmates, their teachers, some of our Year 13 students, the school environment and the school systems.

By the end of the programme they will know how the College works, how their classes are organised and they will know four or five Year 13 students who will work with them through the rest of the term to make sure that they settle into College well.

New students take possession of the sports fields in team building exercises with their Year 13 mentors this morning.
