## Forestry Trip

The Forestry class spent a few days in the central North Island checking out the industry. There were visits to the Tokoroa plyboard mill, a paper mill at Kawerau, a training sawmill at Waiariki Polytech, and ArbourGen's tissue culture operation. Students also visited the trout hatchery at Ngongotaha and Wingspan where they saw the efforts to protect the endangered NZ native Falcon. They were very impressed with this hunting bird! Two even

solved the Owata maze; without cheating they reckon. Each day of labour finished with a soak in the hot pools.

Hard work these field trips, eh?
